## HOUSEHOLD ROSTER

## Household &amp; Core Respondent

**Read:** First, we are going to talk about your household. If you need other members of your household to help you answer these questions, that is fine. Later in the survey we will discuss more private issues where it will be important to speak to you alone. Now I would like to find out about all of the individuals in your household. By household, I mean the place where you usually sleep, not necessarily your ancestral lands or family home. By the individuals in the household, I mean those who “eat from the same pot.”
